

/v/ as in van

Vibrate your lips like a buzzing bee: vvv, vvv!

1 Read each word. Say the /v/ sound clearly.

FOR THE GROWN-UP

Made the same way as /f/ — top teeth on bottom lip — but with voice. Feel your throat: it vibrates for /v/, not for /f/. English never ends words in v alone (which is why we add a silent e: love, give, have).
