3 Write the missing letter.

h _ g

r _ ng

c _ rd

Every word here is decodable: short vowels, the **ar** in card, and magic-e in **cake**. Blend it slowly — **h-u-g**, **r-i-ng** — then say it fast.

4 Hunt & colour the making-table!

-  Colour everything that starts with /r/ **RED**
-  Colour the **ar** words (like c **ar** d) **BLUE**
-  Colour the **magic-e** words (like c **a** k **e**) **GREEN**

Grown-up: the heart, the cupid & the envelope are tricks — they don't match a colour rule. Leave them white!

5 Roll the die. Say the word. Cross out one picture in that row.

 You'll need one die and a pencil. First row all crossed out wins!

Stretch it: say each sound in the word as you cross out — **h-u-g**, **c-a-rd**. Write the first letter in the box, then cross one out.
